postnord Stamp News – April 2023

Together for peace

This year's common stamp theme within PostEurop is "Peace – the highest value of humanity". A stamp motif common to all PostEurop countries is the result of a design competition won by Luxembourg. In addition to this common motif, with denomination for international letters, we are issuing five motifs with postage for domestic letters. Even when peace seems a long way off, it is important to keep the dream alive and not lose hope. The stamps feature well-known symbols of peace and provide a positive message suitable for all your greetings.

Carl XVI Gustaf – 50 years as head of state

We celebrate our King, Carl XVI Gustaf, who, with his 50 years as head of state, is one of Sweden's monarchs who has been on the throne the longest. The minisheet depicts H.M. The King in the Hall of State at the Royal Palace in Stockholm. It was there that his accession ceremony took place on September 19, 1973.

From hobby horses to gold medals

There is more interest in equestrian sports than ever before, and that makes the stable a meeting place across generational boundaries. Perhaps the horse-related dreams begin with a hobby horse, which leads to a lifelong interest or a successful sporting career. The Swedish national show jumping team won gold as a team at the 2021 Olympics in Tokyo. In 2022 the team won the World Championships as a team for the first time, and Henrik von Eckermann took Sweden's first ever individual World Championship gold in the discipline on King Edward.
